

Afternoon Tea

"A moment to Relax"

The afternoon Tea Tradition was invented by **Anna**, **the British Duchess of Bedford** back in the 19th Century. Leaving a long period of time between lunch and dinner, she would become hungry at around 4 pm and asked her butler to bring her a tray of tea, bread and butter to her room. This became a habit and she began to invite visitors to join her. This pause for tea time became a fashionable social event with more luxury versions of afternoon tea.

At The Royal Purnama's Standing Stones Beach Restaurant, we offer 2 delicious options for Afternoon Tea to cater to everyone's needs served at any time during the day: Classic, and Vegan.
